EDUCATION

University of Massachusetts Boston

B.S. in Computer Science

Boston, Massachusetts

Expected Graduation, May 2026

- **Concentrations:** Software Engineering
- **GPA:** TBA/4.00
- **Relevant Coursework:** TBD

Fisher College

Boston, Massachusetts

September 2023 – May 2024

- **Concentrations:** Software Engineering
- **GPA:** 3.94/4.00, *Dean's List*
- **Relevant Coursework:** Database Design and Management, Management Application and Information Systems, Statistics & Applications, Discrete Mathematics, Client-Side Web Programming, Basic Statistics

EXPERIENCE

enLabel Global Services

Boston, Massachusetts

Software Engineer Intern

May 2024 – August 2024

- Create pipeline in AWS to migrate using Terraform ensuring efficient and automated infrastructure management
- Develop and maintain cloud-based solutions, focusing on scalability, security, and performance
- Provide support to clients for IPM and eIFU products, facilitating smooth integration and operation of cloud services
- Document processes and creating support materials to streamline internal workflows and client interactions
- Set up security gateway for site to site vpn configuration to ensure safe remote connection to all environments
- Administrator for IT related projects including set up of Azure Active Directory, and Enterprise Domain Control

Scale AI

Remote

Software Engineer – AI Trainer

February 2024 – May 2024

- Structured and refined the natural language model, providing more accurate and contextually appropriate responses
- Tested conversational flow to ensure chatbot interactions are smooth, natural, and error-free
- Evaluated Artificial Intelligence performance including code correction and research verification

PROJECTS

GPT-4.0 Azure Chat Bot API

January 2024

- Developed using Node.js and Express, integrating OpenAI's GPT-4.0 for AI-driven conversational capabilities
- Implemented security measures including Azure's secure cloud hosting, ensuring data privacy and application integrity

ACTIVITIES AND LEADERSHIP

University of Massachusetts Boston

Boston, Massachusetts

Computer Science Club

September 2024

Massachusetts Institute of Technology

Cambridge, Massachusetts

Imagination in Action – Forging the Future of Business with AI

April 2024

- Artificial Intelligence Leadership Conference Summit

SKILLS

Programming Languages: Python, JavaScript, Java, C#, SQL, C++

Frameworks & Libraries: .NET, Node.js, Express.js, Next.js, React.js

Database Management: MySQL, AzureSQL, MongoDB, PostgreSQL, Oracle, Microsoft SQL Server

Tools & Platforms: Visual Studio Code, Git, Gradio, HuggingFace, Vercel, CodePen

Cloud Providers: Amazon Web Services (AWS), Microsoft Azure

Other Skills: Natural Language Processing, Web Interface Design, Database Migration, Agile development
